Daniel Martin Eckhart : Tales of Wychwood before purchasing it in order to gage whether or not it would be worth my time, and all praised Tales of Wychwood:

3 of 3 people found the following review helpful. Enchanting!By AliciaTales of Wychwood is the author's most accomplished book to date. It effortlessly brings together history and modernity, mystical and scientific, folk and folklore of old and present, all woven together in the author's own blend of magical realism. The book's well-rounded, colourful characters transport you to a world in which nothing is what it seems and everything is possible. The forest of Wychwood had me in its clutches within the first few pages. Energizing, liberating, magical... enchanting! Can't wait for book 2.2 of 2 people found the following review helpful. All the Magic and Mystery of the English ForestBy Brother GrimTales of Wychwood is a enjoyable read. The story moves along at a good clip with enough intrigue and interesting characters to keep me turning the pages. I read it in three very long gulps which is always a good sign. The book is set in an English forest and the author has established a strong sense of place, successfully capturing the romance of the English folklore with his personal mythology. The Wychwood itself has a strong malevolent presence throughout - it feels like a character itself - and I felt like I'd been taken to a magical place. The book has a slightly old fashioned, innocent feel that worked for me. Well worth checking out.2 of 2 people found the following review helpful. Magical, enriching and imaginative! Highly recommend!By singingteacherI'm so happy I have come across Daniel Eckhart and his wonderful books.They are always richly imaginative, magical and somehow within the weave of the gripping storytelling they manage to point to a deeper mystical wisdom.I am happy to say that this book did not disappoint and I'm thoroughly enjoying it!SO MUCH FUN!!

There are many special places in the world, places rich with history and legend, blood and life, love and death. Of all of those many places, none is more special than Wychwood Forest.Wychwood, the small remnant of a forest that has once spanned the width of England, is far more than your average woods - it is a prison that holds fierce warrior elves, bloodthirsty headhunter dwarves and darker creatures, still. For hundreds of years a family of humans has helped the elves to protect the forest and those who roam within. Tales of Wychwood is the story of a one-of-a-kind grandmother and her grandchildren, who are about to discover everything about their glorious secret ancestry. Join Nick, Milo and Ellie as they enter a fantastical world filled with deadly dangers, high adventure and darkest mystery.

About the AuthorDaniel Martin Eckhart is the author of the novels Tales of Wychwood, The Champ, Barnaby Smith, Home and the screenwriting book Write, Write, Write. Before focusing on his writing career, Eckhart served in the Swiss military, guarded the Pope's life in the Vatican, worked for the United Nations, driving trucks across the Sinai Desert, delivering diplomatic mail to Damascus and driving armored limousines in Beirut. After five years in Israel,

Lebanon, Iran and Iraq, Eckhart studied acting in New York and became a screenwriter. He has penned several feature-length movies, worked on TV shows and has adapted several novels for the small screen. Eckhart lives on an old farm in Switzerland with his family, a psychotic cat and a monster dog. nbsp;
